### THE OLD RELIABLE

There is no substitute

### Some Thoughts About "Dad."

We happened in a home the other night, and over the parlor door saw the legend worked in letters of red: "What is Home Without a Mother." Across the room was another brief, "God bless Our Home."

Now, what's the matter with "God bless Our Dad?" He gets up early, lights the fire, boils an egg, grabs his dinner pail and wipes off the dew of the dawn with his boots while many a mother is sleeping. He makes the weekly handout for the butcher, the grocer, the milkman and baker, and his little pile is badly worn before he has been home an hour. He stands off the bailiff and keeps the rent paid up.

If there is a noise during the night dad is kicked in the back and made to go downstairs to find the burglar and kill him. Mother darts the socks, but dad bought the socks in the first place and the needles and the yarn afterward. Mother does up the fruit; well dad bought it all, and jars and sugar cost like mischief.

Dad buys chickens for the Sunday dinner, carves them himself and draws the necks from the ruins after every one else is served. "What is home without a mother; but what is home without a father? Ten chances to one it is a boarding house, father is under a slab and the landlady is the widow. Dad, here's to you; you've got your faults—you may have lots of 'em—but you're all right, and they will miss you when you're gone.—Ex.

### A Fatal Mistake.

Is Often Made By The Wisest People.

It's a fatal mistake to neglect backache. Backache is the first symptom of kidney trouble. Serious complications follow. Doan's Kidney Pills cure them promptly. Don't delay until too late. Until it becomes diabetes—Bright's disease. Read what this gentleman says: "Capt. D. W. Welsh, keeper of the United States Penitentiary, at Leavenworth, Kan., writes: 'I had to go around trying to evade pain constantly, aware that a false step, jerk or twist would bring punishment, and I was afraid to handle any thing for fear of a reminder in the shape of a twinge of pain. I tried at Dr. J. N. Murdoch's drug store on Third street, and have something to get in the drug line every time I come home and my sister, Mrs. A. Amick, of No. 645 Seventh street, used them. They cured the three of us. I am here in the city every few days and can substantiate the remarks I have made.' For sale by dealers. Price 50 cents a box. Foster-McIlhenny Co., Buffalo, N. Y., sole agents for the U. S. Remember the name—Doan's—and take no other."

A boy in Illinois having no capital and not education sufficient to enable him to live without manual labor was anxious to learn some trade at which he could make an honest living. But the trade unions having limited the number of apprentices, he was not allowed to learn any trade though he tried in several places, including Chicago. At last he stole a set of harness in order to be sent to the reform school where he would be taught a trade.

He said he knew the owner would get his harness uninjured. This is a shameful thing in a country that pretends to be free.—Western Record.

### Escaped an Awful Fate.

Mr. H. Higgins of Melbourne, Fla., writes: "My doctor told me I had consumption and nothing could be done for me. I was given up to die. The offer of a free trial bottle of Dr. King's New Discovery for consumption, induced me to try it. Results were startling. I am now on the road to recovery and owe all to Dr. King's New Discovery. It surely saved my life." This great cure is guaranteed for all throat and lung diseases by all druggists. Price 50c and \$1.00. Trial bottles free.

### Jefferson Davis.

One of the oldest and highest army officers now in Washington said the other day, in speaking of the signal service as a portion of the artillery department:

"How few of our people know that to Jefferson Davis belongs the credit of having the signal bureau made a part of our army. It is true, nevertheless. In ever possible way disagreeing with the doctrines of the president of the Southern Confederacy, yet I am fair enough to say that in his administration of the War Department under Pierce (1853-57) he exhibited thorough business and progressiveness. Mr. Davis instituted many reforms in the tactics, discipline and government of the army, the good effects of which are yet seen and felt. I do not think that any man can doubt but what he was well up in all matters relating to war."

### Cures Rheumatism and Catarrh—Medicine Sent Free

The two diseases are the result of an awful poisoned condition of the blood. If you have aching joints and back, shoulder blades, bone pains, crippled hands legs or feet, swollen muscles, shifting, sharp biting pains, and that tired discouraged feeling of rheumatism or for hawking spitting blurred eyesight deafness sick stomach headache noises in the head, mucous throat discharges decaying teeth, had breath, belching gas of catarrh take Botanic Blood Balm (B. B. B.). It kills the poison in the blood which causes these awful symptoms giving a pure healthy blood supply to the joints and mucous membranes, and makes a perfect cure of the worst rheumatism or catarrh. Cures where all else fails. Botanic Blood Balm is composed of pure Botanic ingredients good for weak kidneys. Improves the digestion cures dyspepsia. A perfect tonic for old folks by giving them new rich pure blood. Thoroughly tested for thirty years. Druggists sell in large bottles with complete directions for home cure. Sample free and prepaid by writing Botanic Blood Balm Co., Atlanta Ga. Describe trouble and special free medical advice sent in sealed letter.

### A Cure for Lockjaw.

A lady writing to us from Hot Springs, Va., says that she read in the Herald where a bean poultice would cure lockjaw. She incloses the following and says that no one need have that dreadful disease if they will use this remedy: "Smoke the wound or bruise in all-wool cloth, new or old, for twenty minutes. Take live wood coals in a shovel. Tear the cloth in inch wide strips, lay them on the coals and hold the wound over the smoke, just far enough from the coal not to burn. Do this for twenty minutes. This will give instant relief, and one or two more applications will effect a perfect cure. I have tried the above myself several times, on bad wounds, from rusty nails, bruises, etc., and have always been relieved and cured in each case as above."

Egg shells may be used to advantage in starting delicate plants for transplanting. The half shells are filled with earth and set in a box also containing dampened earth. A hole is made in the point of the shell to allow drainage. A single seed is then planted in shell, which is easily broken when transplanting is done without the slightest disturbance of roots. This use of egg shells is the discovery of a French gardener, who claims that they are vastly superior to the little pots generally used for the purpose by florists.—Ex.

Every now and then there is an alarm sounded in regard to the giving out of the coal supply of the world. It seems probable that the Anthracite may not last many ages, it being found in Pennsylvania, Wales and China. But discovery of new fields of the soft coal are frequent. Coal fields estimated to contained more than five hundred millions of a good grade have been discovered in Belgium, north of Luxemburg. And this although Belgium is such a small country and such an old one it would seem nothing new could be found in it.

Boston is a shade of more foreign than Chicago. It has 35.1 per cent of foreign born, while Chicago has only 34.6 per cent. But New York is more foreign than either. The percentage of foreign born is 37 per cent. These three run a close race for the lead. San Francisco comes in with 21.3 per cent.
